New User

To request access to DTNA and DDC online resources and applications, please select the appropriate New User option below:

Existing Dealer or Customer – New User: If your company/location already has a Daimler Trucks North America dealer or customer code, please contact your Security Administrator or department manager to setup a user ID & password.

Customer Order Form: If your location/company does NOT have a Daimler Trucks North America dealer or customer code, you will need to complete an online form to request access. [Click here](#) for the request form.

Body Builder: Please complete and submit the online registration form. [Click here](#) to access the Body Builder / TEM registration form.

SupplierOnline Registration for Suppliers/Vendors to Daimler Trucks North America. [Click here](#) to request access to the SupplierOnline and Vendor OWL sites.

DTNA Employees: Complete a SARF request for DTNAConnect from the IT Forms selection on the employee portal. [Click here DTNA Application Access Request](#) to open the form.

If you have questions or are unsure of which option to choose, please contact us.

REGISTRATION BENEFITS

Registered TEMs have access to these secure applications:

PartsPro®
Allows easy identification of a vehicle's originally installed parts. Specifications are available one day after the vehicle leaves the factory.

EZWiring™
This is an essential asset for service techs that offers easy access to wiring diagrams.

TechLit®
Technical information and documentation including driver's, maintenance, troubleshooting and workshop manuals.

VehicleInfo®
Lookup for the information related to a Vehicle and it's Major Components like Chassis, Engine, Axle and Transmission. Includes Registration, Warranty and Claims related information.

ServiceLink
View and set configuration parameters, get easily understood fault code information, use the built-in diagnostic tools and tests designed specifically for today's complex vehicles.

Browser window showing the Daimler Fleet Customer / Vehicle Owner Registration Request Form. The URL is https://dtnacontent-dtna.prd.freightliner.com/c. The page title is DTNACONnect - New User. The browser tabs include DTNACONnect - New User and Fleet Request Form.

Please select all the Daimler Trucks North America vehicle brands you operate. A corresponding box will appear requiring the last six digits of a vehicle serial number. For your convenience, only one serial number for each vehicle brand is needed for the accurate verification and release of technical information for all the vehicles registered to you in our Warranty Department.

Freightliner
 Sterling
 Western Star

Thomas Built Bus
 Chassis / RV
 Other Brands

Last 6 digits of VIN *
